

THE PLATINUM PACKAGING GROUP

ECO LINE

Environmental Policy Statement

Platinum Packaging Group recognizes its responsibility to help protect our environment and pledges that it will as far as is safe, practical and economically sound, conduct its business activities in such manner as to minimize any adverse environmental impact.

The Platinum Packaging Group promotes its Environmental Policy by following the practices indicated below:

- Comply with and where possible exceed all legal requirements and relevant codes of practice.
- Operate our business in a way that protects the environment.
- Promote environmental awareness to employees and enlist their support in improving the Company's performance through training and instruction.
- Minimize waste by evaluating processes and ensuring that they are as efficient as possible.
- Economize on raw materials, conserve energy and water, and minimize the use of environmentally damaging and non-recyclable materials.
- Actively promote recycling both internally and among our suppliers and customers where possible.
- Manage supply to minimize the environmental impact of both manufacturing and distribution.
- Recycle paper, cartons, packaging and off-cut material wherever possible.

The Platinum Packaging Group upholds its Environmental Policy, which includes documented procedures, methods and practices to comply with customer and regulatory requirements, continuous improvement of our management systems, and documented training in appropriate language(s) to all levels of our organization. An annual review of our policy will be enforced to determine its effectiveness not less than once per year.
