TS 600 Labler and Conveyor

The ST600 Automatic Label Applicator is a high-performance labeling head capable of speeds of up to 600 linear inches per minute. It comes complete with a direct drive DC stepper motor, powered rewind, a 4.5-inch web width and a standard 12-inch diameter label roll capacity. Under micro-processor control, the TS600 is accurate to ± 1/32 of an inch.
